Declaration for IC and FCC Label Exemption for the Oticon Amigo R12G2 FM receiver

With reference to Industry Canada, RSP-100 issue 11 chapter 3 Certification of Radio Apparatus and KDB 784748 D01v08 GUIDELINES FOR LABELLING AND USER INFORMATION FOR DEVICES SUBJECT TO PART 15 AND PART 18, Oticon A/S hereby declare an exemption regarding the labelling of the IC and FCC certification number on the Amigo FM receiver hearing aid accessory.

This exception applies to the Oticon **Amigo R12G2** FM receiver with IC/FCC ID **1350B-AR12G2** and **U28AR12G2**. The Oticon Amigo R12G2 IC and FCC certification numbers are located next to the device model number in the user manual and/or on the product packaging material.

The exemption declaration is based on the fact that the Amigo R12G2 will be too small (Final product size 15.8 x 11.9 x 7.4 mm, See Annex A) for the IC and FCC certification number to be legible without the aid of magnification while printed on a surface of the Amigo R12G2 exposed to wear and user handling.

For your information, our TCB is CTC Advanced GmbH in Germany.

Sincerely,

Per K. Nielsen, Regulatory Affairs Officer
