

### Approve Your Proof Online

Cyber Proof makes approving your proof simple and easy. If your proof is OK as shown in the picture, you need only do three things:

1. Click on "Approve"
2. Enter your name (for verification purposes, only)
3. Click the "submit button"

You're done. It's that easy!

### Change Your Proof Online

Cyber Proof allows you to make changes to your proof online. Follow the steps below for changes:

1. Click on "Make Changes"
2. Enter your name (for verification purposes, only)
3. Enter comments on what you would like changed.
4. Upload new art if changes are extreme. Please note: Uploading new art may incur additional art fees.
5. Click the "submit button"

Watch for your next proof to be uploaded. You will get another proof notification email.

### Short Run Custom Labels

**: Black**

**Material: Polyester-2 mil-Gloss White**  
**Gloss Polyester**

**Thickness: 1 mil Gloss Polyester**

Die Cuts (does not print)

How do I read my proof? [Click](#)

**CM113-320-074**

**FCCID: U2C-AIO-2011**

This device complies with Part 15 of FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference and, 2) this device must accept any interference received, including interference that may cause undesired operation.

This proof is at a low screen resolution and may have been enlarged from actual size to reveal detail. Use for approval of object placement and text. Color is not an exact representation of final product.

You may have received a paper proof. If so, the Cyber Proof is guaranteed to match your paper proof. We suggest you approve your proof online to ensure fastest delivery of your order.

NOTE: Turnaround and delivery times are contingent upon prompt approval of proof.
