RE: IntelliCom 1720 DFS Certification

To Whom It May Concern:

We would like to inform that IntelliCom 1720(U3D-INTELLICOM) is exactly similar to Firetide 7020 model (FCC ID REP7200). The hardware and firmware of above mentioned models is same. As DFS certification for Firetide Model 7020 is available, the same is considered for issuing DFS certification for 1720.

S&C is rebranding this model as IntelliCom 1720.

Please contact me if there is any information you may need.

Sincerely,

()

Hardware Manager
