Re: FCC ID: U4A-SCYICLS0

To Whom It May Concern:

The following application is submitted on behalf of our client, Assa Abloy, Inc., for evaluation of their models TCW11-M812/M813, TCIP1-M812/M813 for class II permissive change under FCC Part 15.225.

The purpose of this Class II Permissive Change is to add electrically identical model variants. The models listed above are electrically identical to those previously certified under FCC ID: U4A-SCYICLS0 and differ only slightly in the external enclosure or escutcheon as described in this filing. The TCIP1-M812/M813 and TCW11-M812/M813 were tested in full to the requirements of the aforementioned rules and were found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive style with a large, stylized 'R'.
