Re: FCC ID: U4A-SCYPROX2

To Whom It May Concern:

The following application is submitted on behalf of our client, Assa Abloy, Inc., for evaluation of their models Bored/Exits and Mortise for certification under FCC Part 15.225. The Bored/Exits and Mortise models were tested to the full requirements of Part 15.225 with compliant results.

The Bored/Exits and Mortise models differ only in the external housing which is dependent on the door frame installation. Both models are electrically identical in construction and design.

Sincerely,

A handwritten signature in black ink that reads "R. Sam Wismer". The signature is written in a cursive, flowing style.
