Excellence in Compliance Testing

ASSA ABLOY

Steven Pfalzgraf
Applications Engineer

July 10, 2009

This products escutcheons have a plate that will be secured with machine screws treated with Locktite or equivalent with the intent to keep the plate permanently installed. There are no serviceable or replaceable components inside this particular assembly of the product. This is the plate that will display the required IC and FCC information.

The screws in reference are pointed out with red arrows on each of the pictures attached.

Sincerely,

Steven Pfalzgraf
