ASSA ABLOY

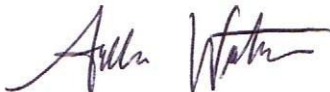

September 28, 2016
FCC ID: **U4A-YRHPTN0FM**

To Whom It May Concern:

Pursuant to Section 15.212(a) (1) of the FCC rules, **ASSA ABLOY** hereby requests for modular approval, compliance with the requirements are addressed below.

Modular Approval Requirements	Justification
i. The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly;	All radio frequency circuitry is properly shielded with all physical components located on the module assembly.
ii. The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal;	The module does implement buffered modulation/ data inputs.
iii. The module must contain power supply regulation on the module;	The module has its own power supply regulation.
iv. The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b);	The antenna is permanently attached to the module.
v. The module must demonstrate compliance in a stand-alone configuration;	The module was tested and passed in a stand-alone configuration.
vi. The module must be labelled with its permanently affixed FCC ID label, or use an electronic display;	The module is labelled with a permanently affixed FCC ID label.
vii. The module must comply with all specific rules applicable to the transmitter including all the conditions provided in the integration instructions by the grantee;	The YRMZW2-US complies with all applicable rules and operating requirements as long as it is properly installed into a compatible host device. Instructions are provide to ensure proper installation of the module.
viii. The module must comply with RF exposure requirements;	The YRMZW2-US module has been tested and shown to comply with all applicable RF exposure requirements.

Sincerely,
