

## COVER LETTER

Date: March 21, 2008

To whom it may concern

We would like to approve the Datalogic R-3 product as a modular approval specific to FCC Public Notice DA 00-1407, released June 26, 2000, titled Part 15 Unlicensed Modular Transmitter Approval for low power transmitter modules.

The product is an RFID tags reader approved according to 15.225.

The requirements of the Public Notice DA 00-1407 are met as follows:

1. The R-3 Module has its own shield..
2. The R-3 Module has buffered digital data inputs. It is not possible to affect the modulation rate and depth applying out of specifications patterns.
3. The R-3 has onboard voltage regulators.
4. The R-3 has an integral undetouchable antenna.
5. The Module was tested when connected to a test fixture.
6. The Module is labeled with the FCC ID U4F0018. The integration guide, included with this filing, instructs integrators about end product labeling requirements.
7. The Module is compliant with all applicable FCC rules. Instructions for maintaining compliance are given in the Design Guide.
8. No exposure requirements are applicable to this type of transmitters.

Sincerely,

A handwritten signature in cursive script that reads "Ruggero Cacioppo".
