OMJ0018 date 11/22/2006
OMJ0024 date 01/24/2007

- 3) the product designs of all the products indicated above are identical in all respects.
- 4) the original equipment tests results still apply to the new equipment , because these are indeed the same they were in origin.
- 5) The external photographs of the products are not available. However, the appearance of the product will be the same (except for the labelling information) as those approved under the former products approved under Datalogic S.p.A. Therefore, we will be submitting the external photographs of the old products and accompanied by the new labels which have been currently submitted.

Yours faithfully,

R.Cacioppo

Certification Quality Manager
