

JOYA TOUCH – FCC IDs Declaration

Joya Touch is the multi-purpose device with barcode reader.

The list of variants of JOYA TOUCH product is provided in the following table:

1	B00AN00HL0HT0W7- LLL	Basic , Handheld, WLAN, WEC7 pro, 512MB Flash	FCC ID: U4GJNGW
2	B00AN00HLOGT0W7- LLL	Basic , Gun, WLAN, WEC7 pro, 512MB Flash	
3	P00AN04HL0HT0W7- LLL	Plus , Handheld, WLAN+BT, WEC7 Pro, 1GB Flash, uSD	FCC ID: U4GJNGWB
4	P00AN04HLOGT0W7- LLL	Plus , Gun, WLAN+BT, WEC7 Pro, 1GB Flash, uSD	

Where LLL represent different colors/customizations for Joya and may be alphanumeric (e.g. "GRR" = Grey upper housing, Red battery cover , Red trigger button)

For the purpose of FCC and ISED Certifications:

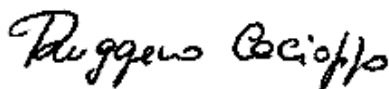

Basic variants are covered under FCC ID: **U4GJNGW** and IC: **3862E-JNGW**

Plus variants are covered under FCC ID: **U4GJNGWB** and IC: **3862E-JNGW**

Basic variants and *Plus* variants are identical in hardware except that the Basic variants are not populated with the BT radio module. Additionally, *Basic* variants do not have the micro SD card installed and they have just 512MB flash memory instead of 1GB.

Gun and Handheld variants, both *Basic* and *Plus*, have exactly the same core assembly (mainboard electronics and layout, radio modules, antenna and RF circuitry, display, top plastic housing) and differ only for the bottom plastic housing. The gun assembly just have a trigger board with a button for SCAN enable.

Yours Sincerely,

Ruggero Cacioppo/Product Quality Leader
