Re: Tekk International Inc.'s FCC ID: U59SDU-2000

To Whom It May Concern:

Enclosed please find an application for Class II Permissive change for Tekk International Inc.'s FCC ID: U59SDU-2000.

The original grant of certification was issued with the device being used in fixed applications. They would like to have it additionally approved for mobile applications.

Enclosed is an MPE calculation that shows compliance with mobile RF exposure limits.

Please feel free to contact me should you have any questions or require any further information.

Regards,

Mario de Aranzeta C.E.T.
