**RE: Request to supersede test report for FCC ID: U5TWFDs-RUA**

To Whom It May Concern:

Regarding FCC ID: U5TWFDs-RUA; we are requesting to supersede the original report due to a model name change in the support equipment that was made to the Support Equipment list, Interface Ports and Cables, and Test Setup Block Diagram. On Page 9, 10, and 24 of the original report that was uploaded on 09/29/2009 the Support equipment listed as "Splitter" has been changed to "Combiner". This model name correction has also been made to the EUT Internal Photos Exhibit.

We would like to upload the corrected test report per the clients request so that we may correct this error.

Thank you very much,

Sincerely,
