Subject: FCC ID U5Z-GO-SWITCH-ES request to have certain FCC exhibits held confidential

Dear Sir or Madam:

We request that the FCC certification exhibits noted below be held as confidential pursuant to 47 CFR Part 0.479. The information noted with an "X" under "Request Confidentiality" is considered to be a trade secret. This information is not available from any other public source:

<u>Exhibit</u>	<u>Request Confidentiality</u>	<u>Not Confidential</u>	<u>Why the information is considered trade secret</u>
Schematic	X		Because it is part of the intellectual property of JCM TECHNOLOGIES, S.A.
Block Diagrams	X		
Operational Description	X		
Parts List	X		
Tune-up procedures			
Internal Photographs <sup>1</sup>		X	
User Manual <sup>2</sup>		X	

Note: <sup>1</sup>Internal photographs may be held as confidential only if the device is sealed and would be destroyed upon disassembly or if the device was installed in a location such that it is accessible by a licensee or designated service technicians.

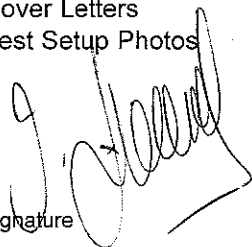

<sup>2</sup>User Manual may be held confidential if highly technical and not generally provided to the public.

<sup>3</sup>Certain software-defined radio and scanning receiver exhibits may be considered confidential without supporting documentation.

The following exhibits are not to be held as confidential.

- Test Reports
- RF Exposure Reports
- External Photographs
- FCC ID Labels
- Attestation Statements
- Cover Letters
- Test Setup Photos

Regards,
