## **ATTESTATION STATEMENT**

### **Declaration on Electrically Identical Models**

DOI\_2012\_5

TO WHOM IT MAY CONCERN

We, Bernafon AG, Morgenstrasse 131, 3018 Bern, Switzerland declare on our sole responsibility that the products with the model names

AR9 N, AR7 N, PC9 N, PC7 N

with IC Certification Number 7031A-F2BTE01 are electrical identical to the product with model number NanoBTE Fusion II.

The products incorporating the radio equipment are hearing aids. Differences between the various model numbers are due to different audiological / electro acoustical properties:

- Prefix of the Model Number 'AR' and 'PC' denote two different product family names of the same manufacturer.
- Number and extent of certain features of the audiological signal processing varies for the models '7 and '9.

We attest that above changing are not relevant for any RF behaviour subject to regulatory items. All products use the same electronic module as tested and described in Cetecom Test Report 1-5178/12-01-05-A.

Therefore Cetecom Test Report 1-5178/12-01-05-A remains applicable.
