ATTESTATION STATEMENT

Declaration on Electrically Identical Models

TO WHOM IT MAY CONCERN

We, Bernafon AG, Morgenstrasse 131, 3018 Bern, Switzerland declare on our sole responsibility that the products with the model names

CN5 NR, CT5 NR, CN7 NR, CT7 NR, CN9 NR, CT9 NR

with IC Certification Number 7031A-FURITE2 are electrical identical to the product with model number Nano Rite BTE.

The products incorporating the radio equipment are hearing aids. Differences between the various model numbers are due to different audiological / electro acoustical properties:

- Prefix of the Model Number 'CN' and 'CT' denote two different product family names of the same manufacturer.
- Number and extent of certain features of the audiological signal processing varies for the models '5, '7 and '9.

We attest that above changing are not relevant for any RF behaviour subject to regulatory items. All products use the same electronic module as tested and described in Cetecom Test Report 1-3793/11-01-03.

Therefore Cetecom Test Report 1-3793/11-01-03 remains applicable.
