Federal Communications Commission
7435 Oakland Mills Road
Columbia, Maryland 21046

FCC ID: U6YRD-FA3221

Product Name: Premium Seat Electronics Box Model Number: RD-FA3221-01

Subject: Limited Frequency Usage

Gentlemen:

Please be advised that the IEEE802.11abg radio module will only use 5150-5250 MHz frequency band in 802.11a mode. The end-user will not be able to use 5250-5350 MHz & 5725-5850 MHz frequency bands. This will be controlled with Panasonic software.

It will only operate on these specific channels:

Channels 1-11, 2412-2462MHz, in 802.11b mode
Channels 1-11, 2412-2462MHz, in 802.11g mode
Channels 36-48, 5180-5240MHz, in 802.11a mode

This information will not be accessible and cannot be changed by the end user.

Sincerely,

By:
