

April 27, 2007

Original FCC ID: U7BWXTXT600PLUS  
New ID: U7GELITE  
Subject: FCC ID Change

To whom it may concern,

Per FCC Rule part 2.933(b)(1)-(4), Klein Electronics, Inc. would to change the ID of U7BWXTXT600PLUS to U7GELITE for marketing purposes.

The original FCC ID (U7BWXTXT600PLUS) was approved 04/20/2007.

There is no change on the approved product, except that we change the model name from 600PLUS to ELITE for marketing purposes.

The original test results continue to be representative of and applicable to the equipment with the new FCC ID because there is no change except that mentioned above.

If you have any questions, please contact me.

A handwritten signature in black ink, appearing to read "Richard Klein", with a stylized flourish at the end.
