

Date: 2015-9-1

Original FCC ID #: 2AB2FDMR89

Subject: FCC ID Change

To Whom It May Concern:

LISHENG hereby authorizes Klein Electronics to assign their own FCC ID number to the radio Per Fcc Rule prt 2.933(b) (1)-(4). Klein Electronics, Inc. would like to change the ID of the above referenced Original ID numbers to the above referenced NEW ID numbers.

There is no change on the approved product, except that we change the model names for marketing purposes and registered ID holder names in the FCC system.

The original test results continue to be representative of and applicable to the equipment with the new FCC ID because there is not change except that mentioned above.

Thank you
