

## GETTING STARTED

**Read the enclosed Owner's Manual and Product Safety Information before use**

### 1 Charge your camera

Plug one end of the charging cable into the camera and the other into a USB power adapter\* (not included). It may take up to 5 hours to fully charge.

**Flashing White**  
charging

**Solid White**  
fully charged

### 2 Set up your camera with the app

Download the SimpliSafe App and tap "Set up a camera." We'll walk you through connecting it to your Base Station and how to mount it.

## Get to know your camera

\*USB Power Adapter Requirements:  $\geq 7.5$  A
