Re: FCC ID: U9O-SS200

To Whom It May Concern:

The following application is submitted on behalf of our client, Synapse Wireless, Inc., for evaluation of their model SS200 for certification under FCC Part 15.247.

The Synapse Wireless SS200 USB is an IEEE 802.15.4 compliant RF module that is approved as an FCC Part 15 unlicensed transmitter. The Synapse USB SnapStick SS200 provides a wireless link between other Synapse SNAP nodes and a USB enabled device such as a PC. The SS200 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
