RE: FCC ID Change for Siemens Module

Dear Sirs:

We are sending this letter in order to ask for the following:

1. We are requesting a change in FCC ID Number: **QIPXT65** (Siemens Module Model XT65)
2. We request that this Module be listed under NEW FCC ID: **UA8-DW-A0003W2** for Discrete Wireless Model **MARCUS Wahoo 2**.
3. We are enclosing a copy of the Original Grant for the Siemens Module.
4. The reason for the FCC ID change request is for marketing purposes only. No changes have been made to the originally certified Module.

Best Regards,

A handwritten signature in blue ink, appearing to read "Nick Legg", written in a cursive style.
