RE: FCC ID Change for Cinterion Wireless Modules

Greetings:

We are sending this letter in order to ask for the following:

1. We are requesting a change in FCC ID Number: **QIPBGS3** (Cinterion Wireless Modules model BGS3)
2. We request that this Module be listed under NEW FCC ID: **UA8-DW-A0004S1** for Discrete Wireless Model **MARCUS 3G**.
3. We are enclosing a copy of the Original Grant for the Cinterion Wireless Modules model BGS3.
4. The reason for the FCC ID change request is for marketing purposes only. No changes have been made to the originally certified Module.

Best Regards,

A handwritten signature in blue ink, appearing to read "Nick Legg", written over a blue line.
