To whom it may concern,

With reference to the FCC KDB Publication Number 848637, Panasonic Mobile Communications Development of Europe Ltd. hereby declares that:

The device client software and associated drivers will not initiate any transmission on DFS frequencies without initiation by a master. This includes a restriction on transmissions for beacons and support for "ad-hoc peer-to-peer modes". The device is a client device without radar detection on DFS frequencies.

Yours faithfully,

Andrew James
