To whom it may concern,

The Wireless Charger is for use within Japan only. For charging within the US the AC Adaptor 04 must be used as stated within the English section of the "User Manual" exhibit, Page 98, "Handling Precautions" Paragraph 4.

A prominent statement in Japanese is made within the "Before Use" section of the User Manual. Page 44 details "Charging Instruction" and states that the AC Adaptor 04 must be used whilst roaming.

Yours faithfully,
