### Serial number format

SN format: F F V V Y Y M M X X X X X with code 128

FF - Factory identification GCT Factory = **WC**

VV - Version number (Default : 01)

YY- **Delivery** year (发货年份)

WC01130300001

MM- **Delivery** month (发货月份, 市场确认。)

XXXXX- Serial number of the product.

If the same series models are delivery on same month, the serial number for latter PO will continue running change following the last number for previous PO. Otherwise, the serial number will be beginning from 00001.

e.g. Regarding the same series models(BB2411/BB2411T/LB211/BB2411AC1 and so on), the series number will continue running change if they are delivery on same month.

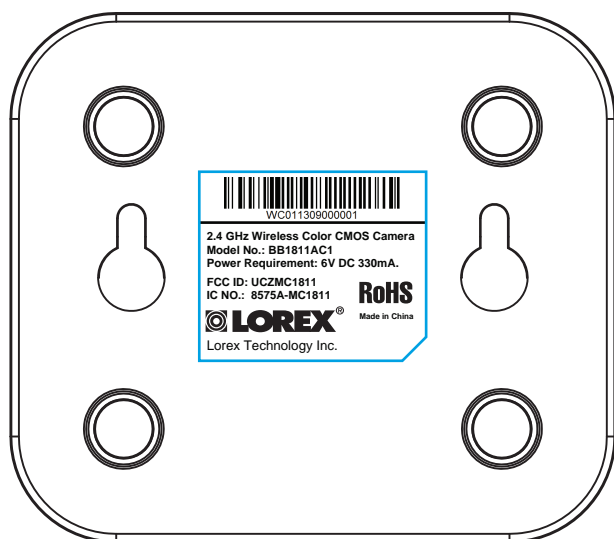

同一系列的model, 同月出货时, 后一个PO的流水号接着之前PO的流水号继续流。否则, 从00001开始流。

例如,同为VM5410系列的model. VM5410BCR1-USA-WH00(BB2411), VM5410BCR1-USA-WH01(BB2411T), VM5410BCRB1-USA-WH00(BB2411AC1), VM5410BCR1-USA-WH02(LB211)是同月发货, 它们的流水号接着连续流。
