

SHANGHAI SIMCOM LIMITED
Request for Class II Permissive Change

FCC ID: UDV-20170406

Date: 2019-2-13

TO: Federal Communication Commission

Please be notified that we, the undersigned, SHANGHAI SIMCOM LIMITED declare that there is no other hardware or electrical modification made to the Smart Module itself except are as below for this Class II permissive change:

- 1.The MSM8909 chip changed from MSM8909-5-504NSP to MSM8909-2-504NSP, only disable CDMA by software. And will not change the electrical/IO/RF characteristics of BT/Wi-Fi.
- 2.Removed GSM/WCDMA/LTE transceiver WTR4905-1-60WLNSP, PA RF7459ATR7X, RF7378TR13, and antenna switch LMSP2PQP-H23TEMP, RF1656TR13. They are outside of main RFIC(MSM8909) and the circuit and components of BT/Wi-Fi are same as original.
- 3.The Memory changed from H9TQ17ABJTBCUR-KUM to H9TQ17ABJTCCUR-KUM.

Thank you.
Sincerely.
