

Family Description Letter

Date: January 26, 2016

Re:

FCC ID: UFE-ALT240ROB

IC: 6652A-ALT240ROB

To Whom It May Concern:

There will be two model numbers associated with the above listed radio ID numbers. This letter will describe that they are actually the same identical devices other than the marketing name.

The two models are:

- Model name and number: Braava 240jet
- Model name and number: Braava jet 240

Please refer to **Exhibit A** for the rating label for each model.

These are actually the same identical devices. Marketing decided to change the model name from “Braava” to “Braava jet” for branding reasons. In turn, the model number also changed from “240jet” to “240”.

The new top of the device will have “Braava jet” on the top and look like:

Sincerely,

Stephen Pallotta
