

iRobot Sextant radio module model AXG-Y1 Label Location

July 31, 2020

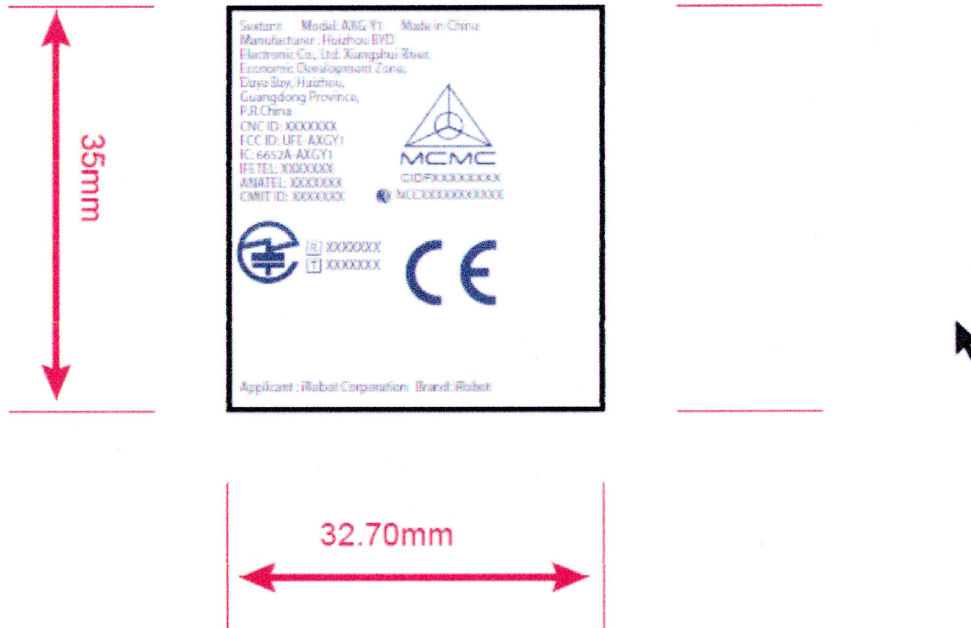

This document is intended to show the location of the Sextant radio module model AXG-Y1 label. The label will be laser etched onto the large shield of the module as shown below.

The label is currently only in DRAFT from because we have not secured all of the certifications for the Sextant Radio Module yet. Once certifications are received, the artwork will be updated to include certifications and registration s numbers.

For now, we just used “X’s” as place holders.

The Sextant module model AXG-Y1 label (label Part number:)

Correct certification numbers will be placed on products during mass production.

The label artwork file is sent as a separate attachment called:
