Re: FCC ID: UGL622ANH

To Whom It May Concern:

The following application is submitted on behalf of our client, DRS Tactical Systems, Inc., for evaluation of FCC ID: UGL622ANH under a class II permissive change.

The purpose of this application is to add an additional antenna / specific host to single modular approved FCC ID: UGL622ANH.

For this application, FCC ID: UGL622ANH was evaluated as integrated in the DRS Tactical Systems, Inc. portable ARMOR X7 ruggedized tablet computer. The host device was plugged in the vehicle docking station (9800F26300-1000), which utilized an external antenna (SMW-301-3C3C2C).

Details of the ARMOR X7 ruggedized tablet computer are included in the user's guide, external photographs, internal photographs, and labeling information provided in this application.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
