Federal Communications Commission
7435 Oakland Mills Road
Columbia, Maryland 21046
USA

Subject: Request for withholding from public disclosure

To whom it may concern:

Pursuant to the provisions of 47 CFR Section 0.457(d) and 0.459, and Section 552(b)(4) of the Freedom of Information Act, Intel Corporation and Lenovo (Japan) Ltd. Are requesting the Commission to withhold the following exhibits as confidential documents from public disclosure indefinitely:

<u>File Name</u>	<u>Exhibit Type</u>
Theory of Operation Block Diagram	Operational Description Block Diagram

The above mentioned documents contain detailed system/equipment descriptions and related information about the product in which Intel Corporation considers to be proprietary, confidential and a custom design and, otherwise, would not release to the general public. The public disclosure of the above documents might be harmful to our company and would give competitors an unfair advantage in the market.

It is our understanding that all measurement test reports, FCC ID label format and correspondence during the certification review process cannot be granted as confidential documents and that information will be available for public review once the grant of equipment authorization is issued.

If you have any questions, please do not to hesitate to contact me at 803-216-2344.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven C. Hackett", written over a horizontal line.
