Subject: Revised Confidentiality Request

Gentlemen:

The original letter requesting confidentiality included block diagrams and the user manual in the list of exhibits to be held confidential. During the exhibit upload process I mistakenly checked "short term" for these (2) items.

Kaicom Co. Ltd., requests the following documents pertaining to FCC ID: UGN-KPI-2220E be changed from short term confidentiality to permanent confidentiality.

1. Block diagrams
2. Users Manual (not accessible to end users)

The above exhibits contain proprietary information and are thus considered trade secrets.

Sincerely,

A handwritten signature in black ink that reads "Steven E. Hoke".
