Mr. Fujimoto:

In order for processing of this certification application (FCC ID: UGPMCKFB002) to continue, the following issue(s) will have to be addressed:

- 1) The authorization letter should be addressed to CETCB, and not the FCC. Please submit a new letter.
- 2) There are three sets of emissions data, but there are no indications on the data sheets to differentiate between the sets.
- 3) The user's manual must contain the instructions to the user contained in section 15.21 of the FCC rules. Please submit a revised manual.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is UGPMCKFB002-1.
