

6125

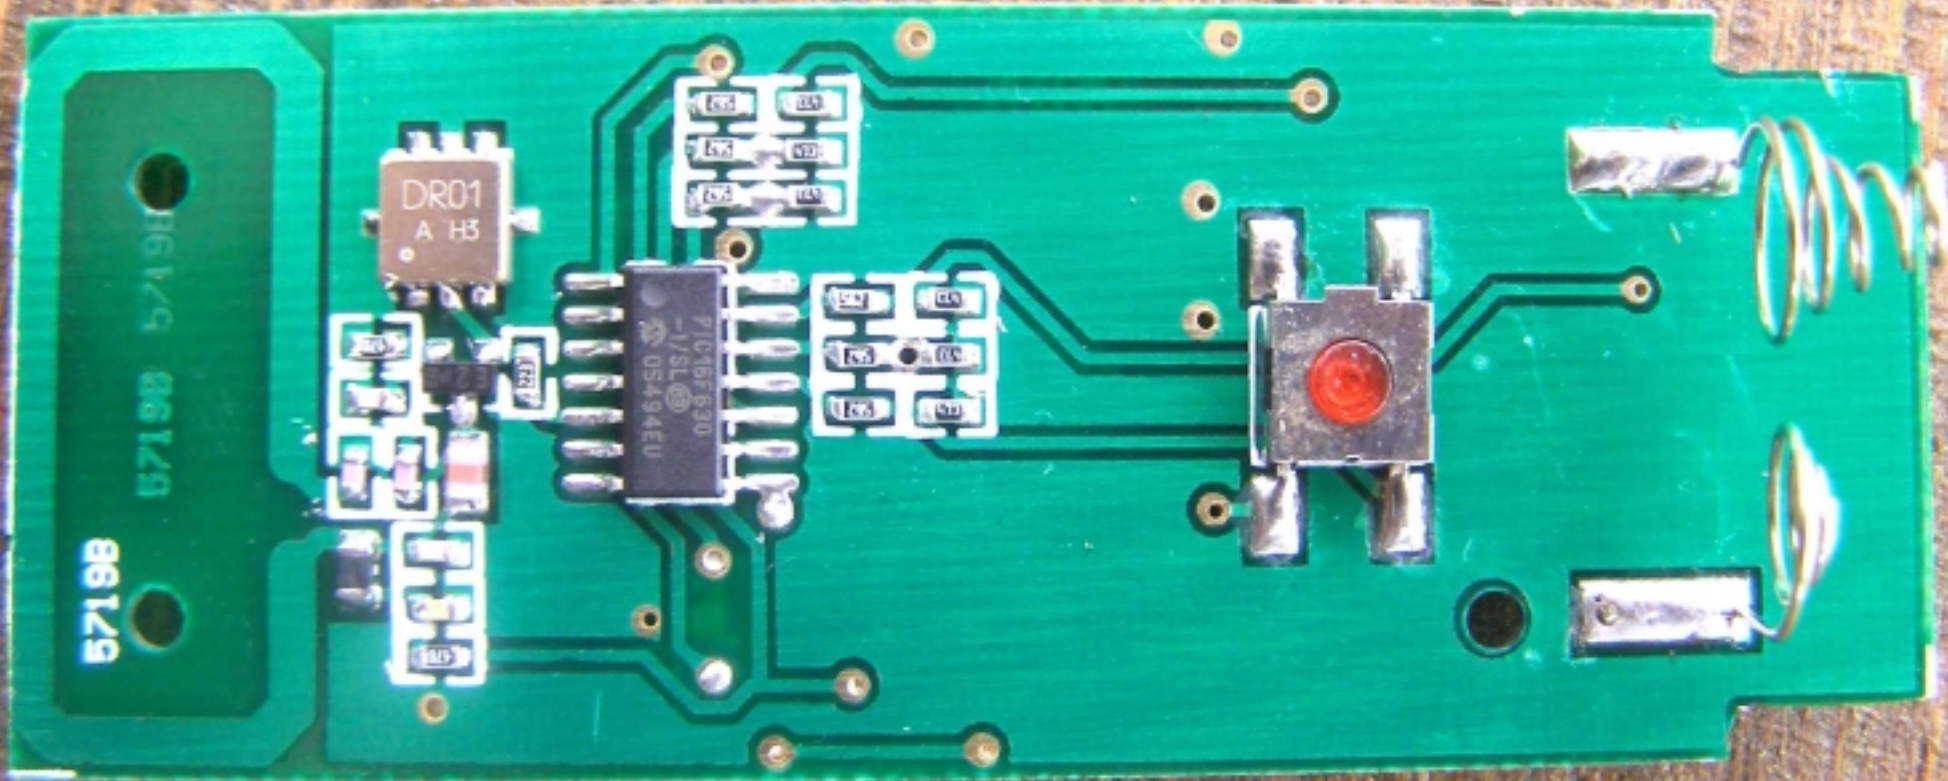

6125

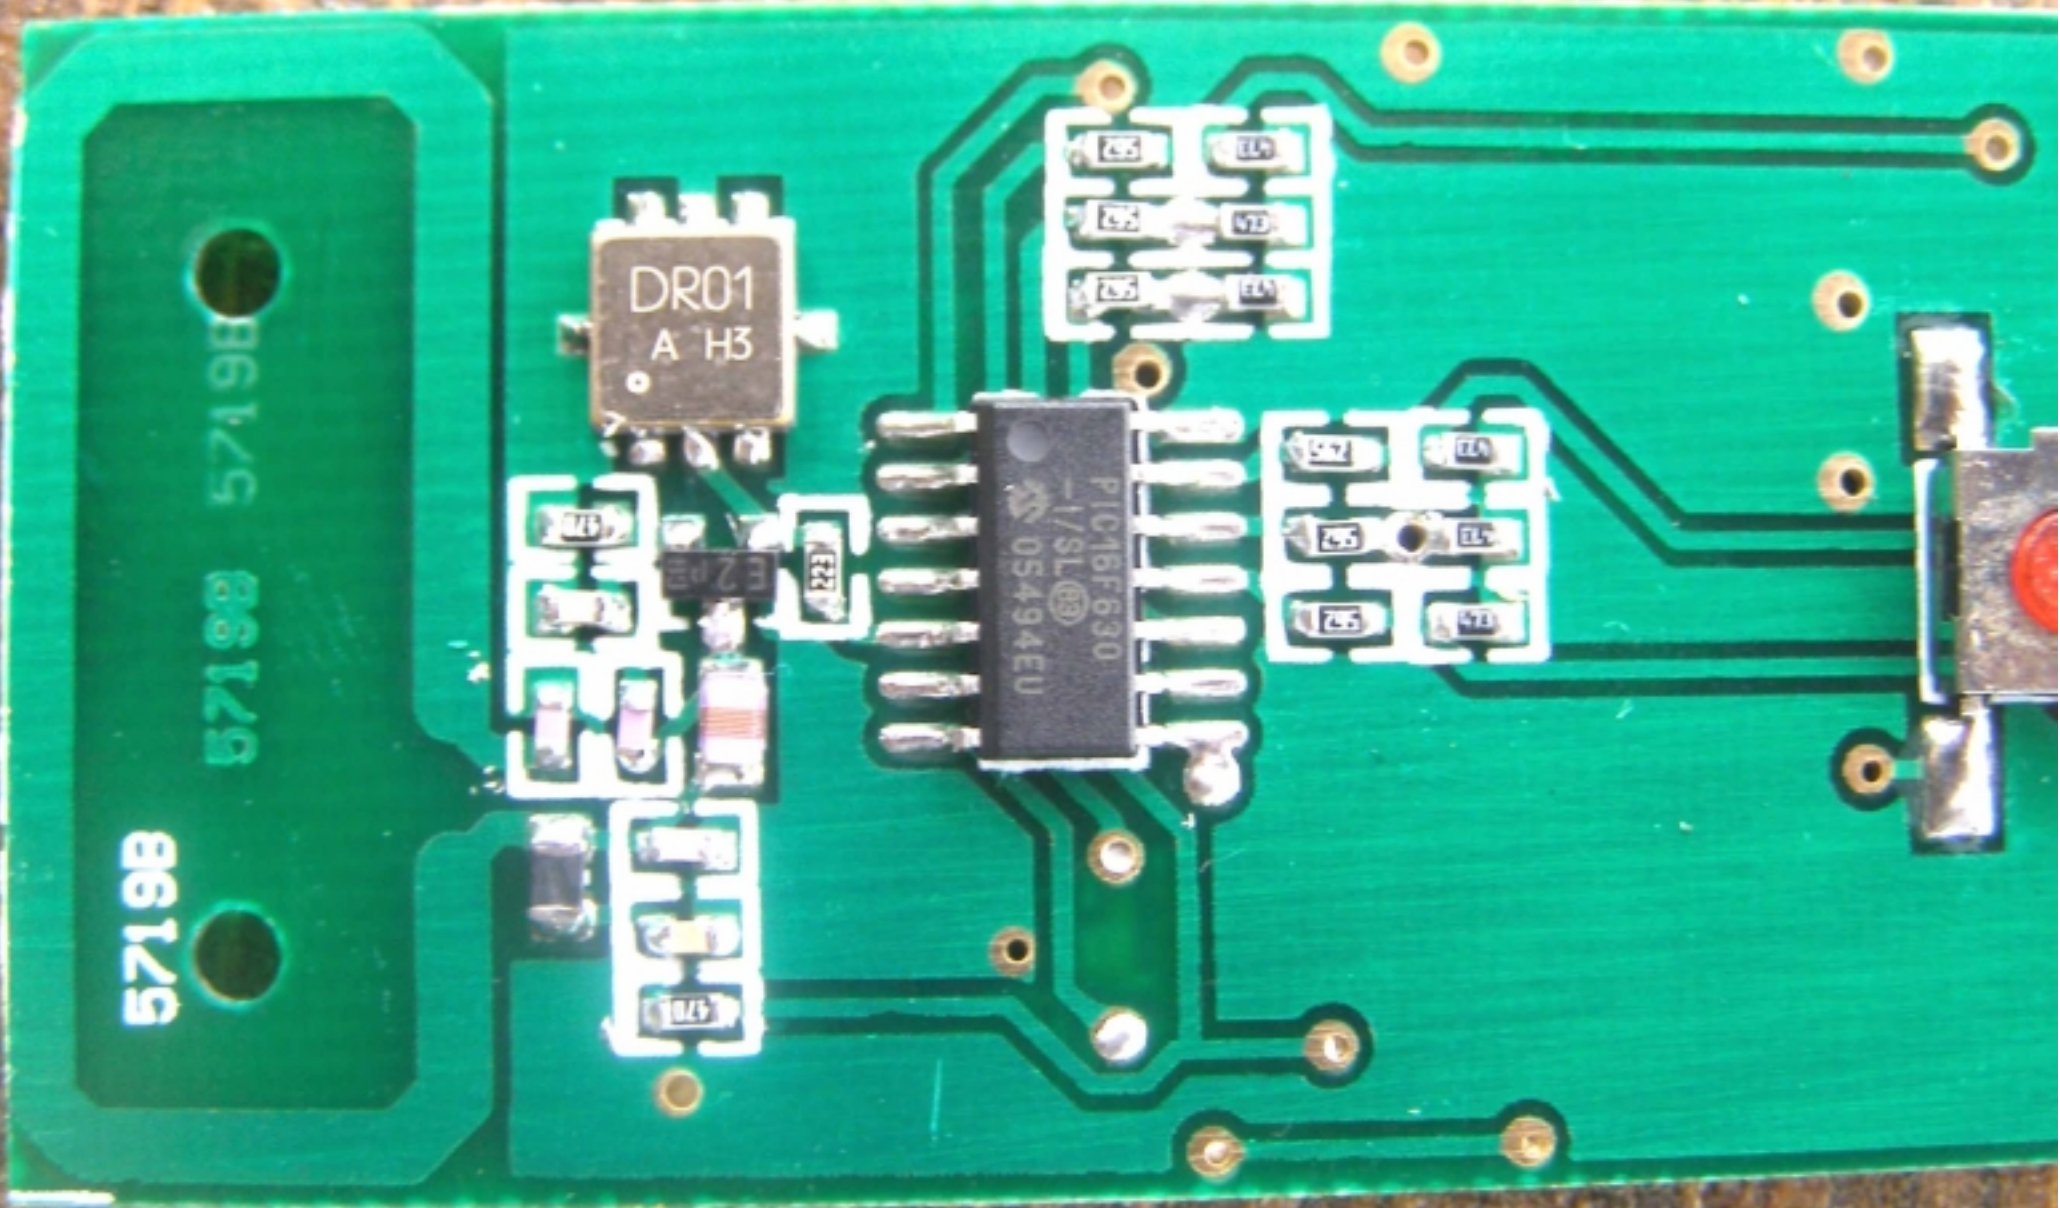

Microelectronics components on a green PCB:

- Four pairs of white electrolytic capacitors arranged in two columns.
- Resistors with values: 122, 221, 221, 122 (top row); 221, 221, 221, 122 (bottom row).
- Diodes with values: 562, 473 (top row); 295, 473 (bottom row).
- Two circular gold-colored pads with a stylized logo on the right side.
