

AMERICAN TELECOM
SERVICES, INC.
2466 Peck Road, City of Industry,
CA 90601 USA

Purpose of the Change (Base)

To: ITS

From: AMERICAN TELECOM SERVICES, INC.

We have changed baseband circuitry to remove some functions due to the marketing reasons. The previous certified model (RA218XXX), FCC ID: UGXRA2184BB has been modified and the modifications is subject to permissive change. These models are identical in RF portion and antenna in the base and handset unit such that the modifications doesn't intend for change in maximum power, field strength ratings and operating frequency.

The only differences between the old and the new model are:

1. Answering machine function is removed;
2. PCB is re-layout;

Sincerely,

A handwritten signature in black ink that reads "K. P. Chow". The signature is written above a horizontal line.
