

AMERICAN TELECOM
SERVICES, INC.
2466 Peck Road, City of Industry,
CA 90601 USA

Purpose of Change (Handset)

To: ITS
From: AMERICAN TELECOM SERVICES, INC.

We changed the cosmetic due to marketing reasons. We confirm the submitted model RA226XXX is same as previously certified model RA216XXX, FCC ID: UGXRA2184BBH in electronic, electrical (same schematics), and RF module design. These models are identical in RF portion and antenna in the base and handset unit such that the modifications doesn't intend for change in maximum power, field strength ratings and operating frequency.

The only difference between the old and the new model are:

1. PCB is re-layout.
2. An external 8Mbit (SST39VF800) is removed.

Sincerely,
