Subject: Request for withholding from public disclosure the schematics, block diagrams, and operational description pursuant to an application for certification

Gentlemen:

We, MYE Entertainment, Inc., would like to request that all schematics, block diagrams, and operational descriptions submitted with the application for certification be withheld from public disclosure as per Section 0.459 of FCC Rules.

This request is made under the provisions of Section 0.457 (d) of the Commission's Rules, and Section 552 (b)(4) of the Freedom of Information Act. These sections authorize the withholding from public inspection, those materials which would be privileged as a matter of law if retained by the person submitting them, and materials which would not customarily be released to the public by that person.

If you have any questions, please do not hesitate to contact us at 661-964-0217

Sincerely,

A handwritten signature in dark ink, appearing to read "Frank McDonald", written over a horizontal line.

Frank McDonald  
VP Operations

Note: Normally schematics, detailed block diagrams, and detailed theories of operation are the only information held confidential. **Internal photographs are only held confidential in certain circumstances where the access to the information isn't available to the end user.** Test reports, cover letters, external photos, ID labels, setup photos, attestation statements, and RF exposure reports will not be held confidential.
