

Bluetooth Headset

Quick Guide

SX-803A

For user' s safety, please read this manual before using the headset.

The following matters should be paid attention to when using headset:

Please avoid long-time use of high volume mode, because it will lead to hearing loss caused by noise.

If you are in bad condition of potential danger, please stop using headset, in order to ensure safety.

Users should reasonably control the volume and time when listening to the headset.

The volume should not be too high,otherwise you can' t hear the voice around. If volume is too high that may appear tinnitus, please lower down the volume.

Don't listen to the music while driving.

Use dry soft cloth to clean the headset! Should avoid the headset into the water, that will cause headset damage.

If you feel obvious discomfort, stimulation, or other adverse reaction when using the headset, stop using it immediately .

The headset should not be stored or used in temperature below $-15^{\circ}\text{c}(5^{\circ}\text{F})$ or higher than $55^{\circ}\text{c}(131^{\circ}\text{F})$,otherwise will reduce the battery life.
