RE: CONFIDENTIALITY REQUEST FOR TG3482ER under FCC ID: UIDTG3482ER

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the (1) schematic diagrams, (2) detailed block diagrams, and (3) detailed operational descriptions required to be submitted with this application be permanently withheld from public review.

The OG1600 have been developed at considerable effort and expense by ARRIS Group, Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in blue ink, appearing to read "Antonio A. Figueiredo".
