

Letter of Declaration on Indoor Access Point Operation

Federal Communications Commission
7435 Oakland Mills Road
Columbia MD 21046

FCC ID: **UIDW61**

To Whom It May Concern:

We, **ARRIS**, attest that this device under FCC ID: **UIDW61** complies with device protocol requirements and operational restrictions:

1. Protocol attestation statement:

An 11ax IEEE device's Transmit Power Envelope element has information fields for power limits for connecting client devices. The TPE information contained in this device is sent to the connecting client to ensure that it complies with allowed transmit power. There is a regulatory info field in the device beacon and probe response frames which details this device type when the client associates to this device.

2. Statement acknowledging device restrictions:

- a. This device is supplied power from a wired connection, has an integrated antenna, is not battery-powered, and does not have a weatherized enclosure.
- b. This device's operation will not be operated on oil platforms, cars, trains, boats, and aircraft.
- c. This device is prohibited for control of or communications with unmanned aircraft systems, including drones.

Sincerely,
Applicant : ARRIS
