RE: Class 2 permissive change - 6.25kHz additional channel spacing

To Whom It May Concern:

We, 4RF Limited, would like to submit an application to add additional channel spacing to our recently certified product with FCC ID: UIPSR135M130, IC ID: 6772A-SR135M130.

The 6.25kHz channel spacing is based on the already certified product. The performance of the additional channel spacing has been tested to comply with the relevant specifications. The test report of the additional channel spacing accompanies this application.

For and on behalf of
4RF Limited
Sincerely,

A handwritten signature in black ink, appearing to read 'Paul Young'.
