RE: Lenntek Corporation

FCC ID: UJC9020101

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

- 1.) The person signing Form 731, the Agent Authorization, and the Confidentiality Request is Apple Sung. But the contact window known to the FCC associated with Lenntek is Dan Tsai. Under what authority does Apple Sung speak for Lenntek? Please provide an unbroken chain of authority between the contact person at FCC and the signer of all documents.
- 2.) FYI: Please note that Parts and Tune-Up procedures are not required for Part 15 devices. Please confirm if you want both of the supplied documents uploaded to the FCC website. Note that neither of these documents are covered by the confidentiality request form supplied to ATCB.
- 3.) You have not provided an acceptable Operational Description. Kindly provide an appropriate description of this device. FYI: Please note the "General Information" document uploaded to ATCB under three different Exhibits is not appropriate. Multiple copies of the same document should be avoided.
- 4.) The Manual is missing the appropriate "Information to User" statement of 15.21.
- 5.) This device is small enough that the statements typical to 15.19(a)(3) are not required to be placed on the EUT. However, these required statements do not appear in the Manual either. Please provide the appropriate 15.19(a)(3) language and indicate where it may be found.

William H. Graff
President and Director of Engineering

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
