

Declaration of Professional Installation

Date: January 20, 2015

UL Japan, Inc.
4383-326 Asama-cho, Ise-shi,
Mie 516-0021 Japan

FCC ID : UJHBD1G
Applicant : Mitsubishi Electric Corporation Sanda Works

To whom it may concern:

Please be advised Blu-ray Disc Player, model: BD-1G is designed for installing in the vehicle of General Motors (GM).

Setting conditions of each destination is provided via vehicle communications in the final assembly process at GM so that only available channels that have been allowed in each country can be used according to the conditions.

BD-1G is shipped only after setting channels at GM.

The end users can choose 2.4G or 5G. However they cannot set the channels, since BD-1G has no menu for them to set channels.

Thank you for your attention to this matter.

Sincerely,

Hiroshi Hoshino

Hiroshi Hoshino
Mitsubishi Electric Corporation Sanda Works.
