

NAUTIC DEVICES INC.

12 Bram Court, Unit 10
Brampton, Ontario L6W 3V1
Canada

Date: December 11, 2013

Subject: Label Location

FCC ID: UJW-4000
IC: 6695A-4000

To Whom It May Concern:

The FCC and IC ID-label are placed on the battery compartment because of the following reasons:

1. The available area on the device is limited because it is relatively small and has many contoured surfaces, keys and connectors.
2. The battery compartment door and batteries are designed for easy removal and the label will be visible whenever the batteries are removed for charging or replacement.
3. To comply with Part 2.925(d), the label will readily visible at the time of purchase because the device will be marketed without the battery installed.

Sincerely,

Shawn Zhou, CEO
Nautic Devices Inc.
