

Fossil Partners, L.P.

2280 N. Greenville Ave.

Richardson, TX 75082

To whom it may concern,

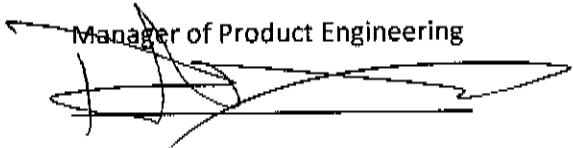

With regards to the product Model WDS111 with FCC ID: UK7-WDS111 and IC: 6708A-WDS111:

Section 3.3 of the submitted test report states that the power level for all channels of this device was changed to setting 13 in order for it to comply with the spurious radiated emission limits.

Please note that the power level will be factory set at 13 or less and no user will be able to change the output power setting on this device to higher than 13.
