Table of contents

This equipment contains several markings to ensure traceability and fulfilment of the marking requirements established by international regulations.

In this product, the marking information is divided into three categories: trademark, CE type and label. The information contained slightly varies for each electronic model.

1 ESD9

Trademark

The manufacturer's name, SALTO, is marked on the front enclosure. The trademark is visible to the final user.

CE type

The CE type reference of this equipment is P1010 and it is marked on the bottom of the front enclosure.

The CE type is common for all electronic models of this product family. It is visible even after installation allowing the identification of the product when it is installed as intended. This item number is also used as an identifier on the EU Declaration of Conformity. Together with the electronic model (marked on the label) is used for the traceability of the equipment.

Label

The label is located at the back of the front enclosure. The label contains the following information:

SALTO confidential. Do not copy or **distribute** without permission from SALTO Systems.
