

Date: December 4, 2023

To whom it might concern,

We, Salto Systems S.L., located in Pol. Lanbarren, C/Arkotz 9, Oiartzun, Gipuzkoa, Spain, declares that our products WRDPOM, WRDMOM:

FCC-ID: UKCWRDMOM  
IC-ID: 10088A-WRDMOM  
PMN: Panel XS Reader, Mullion XS Reader, Glass XS Reader  
HVIN: WRDPOM, WRDMOM

The model WRDMOM has two denominations: Mullion XS Reader and Glass XS Reader. The only difference between Mullion XS Reader and Glass XS Reader is the housing, electronically both denominations are identical.

Models WRDPOM and WRDMOM have the same antenna PCB and almost identical control circuit design. The only difference in the control circuit design are the LEDs mounted on the circuit. From the RF point of view both models are identical. The difference described above do not lead to different RF performance or behaviour between the devices.

Further information of similarities and differences can be found in the internal and external photos and operational description of the products.

Sincerely,

---
