SUBJECT: FCC Class II Permissive Change

Dear Sir/Madam,

The product, Remote Control Transmitter, has been granted by FCC dated 07/20/2009, and FCC ID is ULE-RC300

Now we, HEARTH & HOME TECHNOLOGIES CANADA would like to apply for Class II Permissive Change.

There is no hardware or electrical modification made to the applying modular transmitter itself.

The differences between original applications are like above description, the others are the same as original one.

The manufacture of this product use the software to control the device then enhance the transmit rate from 9 times/per sec to 11 times/sec; only add two times/sec into this new device.

Sincerely,

Hearth & Home Technologies
