RE: Confidentiality Request for TB516 & RT516 Also known as RELAY™ G75 Wireless
Guitar System FCC ID UOBTB516

To Whom It May Concern:

This letter serves as an official request for confidentiality under section 0.457 and 0.459 of CFR 47. We have requested that the following documents for the™ G75 Wireless Guitar Systems submitted with this application be withheld from public review.

- Schematics
- Block Diagram
- Operational Description

This application contains detailed block diagrams, schematic diagrams, and a detailed theory of operation submitted to the IC for review. The information within this application contains proprietary information (trade secrets) regarding the circuit operation and capabilities specific values of components, circuit design and system architecture which are the results of our extensive investment in research and development. Without the disclosed information, competitive organizations would take considerable more time to assess and develop a workable competitive product. Since this is a new product in an existing market, we believe that if these documents are disclosed to our competitors, it would harm our ability to compete in this market.

We therefore formally request that the materials contained in this envelope be kept strictly confidential and not made available for inspection by another party, except on a need to know basis for the sole purpose of the certification process. If you have any I may be reached at 818-575-3980

Sincerely,

A handwritten signature in black ink, appearing to read "MC", written over a light blue horizontal line.
