Columbia, MD 21046

Gentlemen:

Lathem Time Corp. respectfully requests confidentiality of certain materials provided with the submission of the PC600 Data Collection Terminal under FCC ID: UP3PC6 in accordance with FCC Regulations 0.459. The confidentiality request applies to the (1) schematic diagrams, (2) detailed block diagrams, and (3) detailed operational descriptions contained in this filing and included in the following files.

10-0162 – Schematics.pdf
10-0162 – System Block Diagram.pdf
10-0162 – Theory of Operation.pdf

The PC600 Data Collection Terminal has been developed at considerable effort and expense by Lathem Time Corp. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink that reads "Ellery W. Potash".
