

Modular Approval Request Letter

August 27, 2008

Compliance Certification Services
561F Monterey Rd.,
Morgan Hill, CA 95037,
USA

To Whom It May Concern:

ALFA NETWORK Inc. 's module, with the FCC ID:UQ2AWPCI085A have your authorization as a limited modular approval specific to products below:

This transmitter module is authorized only for use in device where the antenna may be installed such

that 20cm may be maintained between the antenna and users.

The requirements of the Public Notice DA-00-1407 have been met and shown on the following Statements:

1. The modular transmitter must have its own RF shielding:

The radio portion of this module has been shielded, please see exhibition External Photo.

2. The modular transmitter must have buffered modulation / data inputs:

The EUT has buffered data inputs, it is integrated in chip AR5414RF.

3. The modular transmitter must have its own power supply regulation:

The module has its own power supply by 3.3VDC via mini PCI interface and it transfer through by LT3479.

4. The modular transmitter must comply with the antenna requirements of the Section 15.203 and 15.204(c):

The EUT meets the FCC antenna requirements. The spurious emission unique antenna connector and photo of antennas are shown in the test report.

5. The modular transmitter must be tested in a stand-alone configuration:

The EUT was tested in a stand-alone configuration via a Compact Flash interface to test kit. Please see section Photographs of Test Configuration in the test report, the EUT was plugged in this test kit.

6. The modular transmitter must be labeled with its own FCC ID number and, if the

FCC ID is not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display label referring to the enclosed module." Please see exhibition Label Sample for the FCC ID of this module. And also in the exhibition Users Manual, there are instructions given to the OEM on how to label the end product.

7. **The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements:**

The Eut is complied with all FCC rules. Please refer to user's manual for detail.

8. **The modular transmitter must comply with any applicable RF exposure requirements:**

The EUT is complied with all applicable RF exposure requirements. RF Exposure is addressed in the RF exposure exhibition.

Should you have any question, please don't hesitate to ask us.

Best regards,

Johnson Wang
